NCRAAO and the “Profession” ...

But mostly, the NCRAAO is about individual members....YOU!
NCRAAO strives to improve the standards of our profession and assessment practices through education of the individual members in each of its member’s states.

To that end, NCRAAO holds an annual educational conference. Educational sessions are scheduled for the conference to include the things that all NCRAAO’s members need to successfully fill their positions.

- *Current Topics*
- *Better Methods*
- *New Technologies*
- *Experienced Lecturers*
- *Basic Concepts Updated*
- *Solutions from Other States*

NCRAAO... A Resource Center

Things that you, as an individual member, take home and things that your state receives from a NCRAAO conference are invaluable, such as...

- *Instructor contacts*
- *New Ideas*
- *Solutions to Your Specific Problems*
- *Exposure to New Methods & Technology*
- *Peer contacts for Information & Ideas*

The NCRAAO Conference may be the most important conference you attend each year. It is planned to be as inexpensive for the attendees as we can make it, but the exposure to professional lecturers and education sessions is second to none.
